- 
- Native English speaker
  - I bring a strong work ethic because I've experienced how much the work affects the outcome in every case.
  - I am willing to work with all kinds of personalities as I know how important it is to have trust in a team environment and to keep the flow of communication consistent.
  - I'm friendly and open minded towards others but assertive when needed to keep them on the right track and prevent derailing.
  - I am aware of how the impact of tilt/bad atmosphere affects one's gameplay and the others around him/her, therefore I have always tried and remain to be emotionally consistent throughout any team session.
  - I take every session with the respect it deserves because I recognize how much effort is required to possibly achieve such a high goal.
  - I pride myself in punctuality and reliability to the core because I can't stress enough how highly I value the time I have and the time others have everyday.

## Team Fenix / Main Tank

10 2018 - PRESENT, EU
